Max Input: 0 dBu @ 20 Hz
1% THD

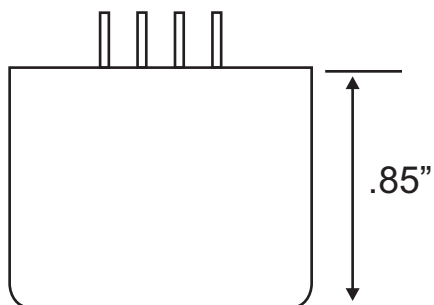

Freq Resp: 20 Hz - 20 kHz
+/- .5 dB

The CT-110mp and CT-108mp are high quality microphone preamp input transformers. They are wound with a high level of interleaving between sections to produce a very flat frequency response. They utilize a high nickel alloy core material and are encapsulated in a mu-metal can for superior noise rejection.
